**Subject:** 195 McGregor Street Extension Request  
Greg and Mike,

This email is in response to your request on behalf of your client, Brady Sullivan, for an extension of time for submitting a revised Lead Dust Wipe Analysis, Lead Dust Hazard Mitigation, Lead Risk Assessment and Lead Exposure Hazard Reduction Plan for 195 McGregor Street. Pursuant to EPA's June 20, 2015 letter, the revised documents must be submitted by July 30, 2015. During our telephone conversation earlier today, you requested a three-week extension of time for submitting the revised documents. EPA is hereby granting a two-week extension of time for submittal of these plans, until August 13, 2015, conditioned upon your client's continued efforts to perform the work outlined in the June 20 letter. It is important that the mitigation/cleanup work continue while the documents are being revised in order to protect the health of the tenants of the building.

As you know, I will be on vacation next week. In my absence, if any issues arise, feel free to contact Joanna Jerison at 617-918-1781.

Sincerely,

Andrea Simpson

Senior Enforcement Counsel

U.S. EPA, Region 1
